Thank You… For Your Confidence In Fisher!

You have selected a top quality product, industry recognized for it's high degree of quality workmanship and materials as well as outstanding design.

All Fisher products are designed for energy-efficiency, ease of operation, and exceptional durability under rigorous commercial standards. Tested and proven for long lasting, trouble-free service, Fisher products have become" The Standard" for commercial kitchen plumbing installations nationwide.

TO PURCHASERS OF OUR BRASS FAUCETS:

By public initiative, the State of California has adopted legislation (Proposition 65) which requires manufacturer's of many types of products, including faucets, to warn consumers if their products contain chemicals listed by the state as either carcinogens or reproductive toxins. Many of these listed chemicals occur naturally in the air, water, or in foods. To date, more than 200 such chemicals have been placed on this list. Proposition 65 requires that we provide you with the following notice:

WARNING:

" This product Contains A Chemical Known To The State Of California To Cause Birth Defects Or Other Reproductive Harm."

Form 103 *P/N 11789*
