This technical drawing is an exploded view of a mechanical assembly, showing the relationship between 20 different components. The components are numbered as follows:

- 1: Main vertical frame or housing.
- 2: A small cylindrical component, possibly a pin or a small bush.
- 3: A base plate or support structure.
- 4: A small rectangular component, possibly a sensor or a control unit.
- 5: A small circular component, possibly a cap or a plug.
- 6: A small cylindrical component, possibly a pin or a small bush.
- 7: A large circular flange or gasket.
- 8: A small rectangular component, possibly a sensor or a control unit.
- 9: A small rectangular component, possibly a sensor or a control unit.
- 10: A small rectangular component, possibly a sensor or a control unit.
- 11: A large, dark, circular component, possibly a fan or a motor.
- 12: A small rectangular component, possibly a sensor or a control unit.
- 13: A small rectangular component, possibly a sensor or a control unit.
- 14: A small cylindrical component, possibly a pin or a small bush.
- 15: A small rectangular component, possibly a sensor or a control unit.
- 16: A small rectangular component, possibly a sensor or a control unit.
- 17: A small rectangular component, possibly a sensor or a control unit.
- 18: A small rectangular component, possibly a sensor or a control unit.
- 19: A small rectangular component, possibly a sensor or a control unit.
- 20: A small rectangular component, possibly a sensor or a control unit.

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor component. The assembly consists of several key parts:

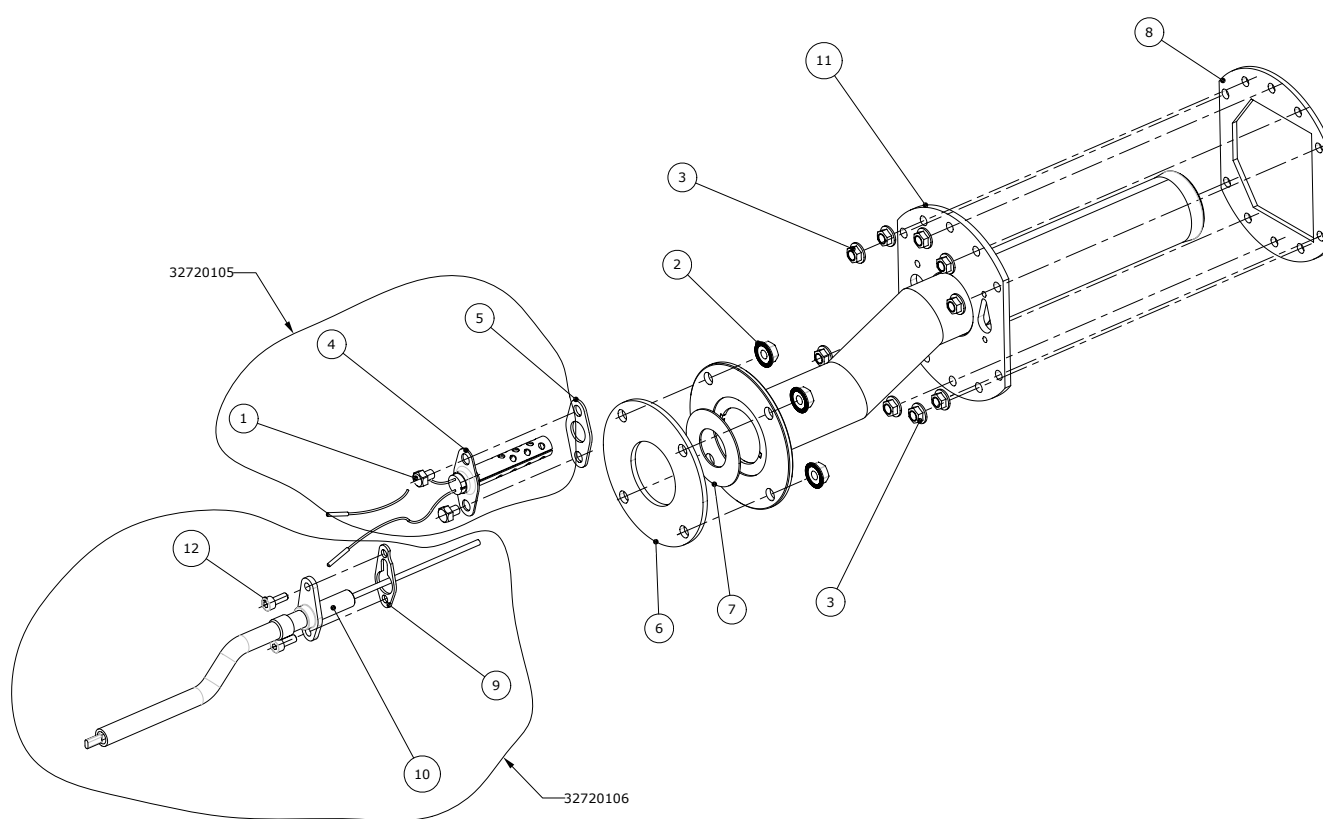

- 1**: A central shaft or rotor assembly.
- 2**: A large circular flange or housing component.
- 3**: A small circular seal or gasket.
- 4**: A small circular seal or gasket.
- 5**: A small circular seal or gasket.
- 6**: A small circular seal or gasket.
- 7**: A small circular seal or gasket.
- 8**: A small circular seal or gasket.
- 9**: A small circular seal or gasket.
- 10**: A small circular seal or gasket.
- 11**: A small circular seal or gasket.
- 12**: A small circular seal or gasket.
- 13**: A small circular seal or gasket.
- 14**: A small circular seal or gasket.
- 15**: A small circular seal or gasket.
- 16**: A small circular seal or gasket.
- 17**: A small circular seal or gasket.
- 18**: A small circular seal or gasket.

The diagram shows the assembly sequence, with components 1 through 17 being installed into the main housing (2). Component 18 is shown separately, indicating it is a separate part of the assembly.

This exploded view diagram illustrates the components of a mechanical assembly, numbered 1 through 18. The main assembly consists of a central shaft (13) with various flanges and bearings. Key components include:

- 1**: A small component, possibly a pin or screw, located near the left end of the shaft.
- 2**: A flange or bearing component on the right side of the shaft.
- 3**: A small component, possibly a pin or screw, located near the bottom of the shaft.
- 4**: A small component, possibly a pin or screw, located near the bottom of the shaft.
- 5**: A small component, possibly a pin or screw, located near the left end of the shaft.
- 6**: A large, curved component, possibly a housing or cover, located on the left side of the shaft.
- 7**: A flange or bearing component on the right side of the shaft.
- 8**: A small component, possibly a pin or screw, located near the top of the shaft.
- 9**: A flange or bearing component on the right side of the shaft.
- 10**: A small component, possibly a pin or screw, located near the bottom of the shaft.
- 11**: A small component, possibly a pin or screw, located near the left end of the shaft.
- 12**: A flange or bearing component on the right side of the shaft.
- 14**: A small component, possibly a pin or screw, located near the top of the shaft.
- 15**: A small component, possibly a pin or screw, located near the left end of the shaft.
- 16**: A small component, possibly a pin or screw, located near the left end of the shaft.
- 17**: A large, curved component, possibly a housing or cover, located on the left side of the shaft.
- 18**: A motor or actuator component located at the bottom right of the diagram.
