HOW TO USE THIS MANUAL

(1) The parts in this manual are listed in alphabetical order and are illustrated on pages IL-1 THRU. IL-11.

(2) To locate a part you are looking for scroll the Table of Contents (TOC). There you will find the part listed along with the Illustration Page number (IL - 1) and the Page Number where the part can be found,

(3) When searching for a part please have the serial number of the cabinet for reference. This will insure you will receive the correct parts. Please refer to the serial number chart below.

Note: Most parts are illustrated, some parts are not. However all parts are listed.

Note: First two digits represent quarter

om 1981 thru 1985 the first two digits identified the year the unit was manufactured (81 thru 8

In 1986 the first two digits (40) were used to identify that year.

In 1987 Beverage-Air began utilizing the current system by quarters and skipped the (40) range because that serial range had already been used in 1986.
