General Information

Omcan Manufacturing and Distributing Company Inc., Food Machinery of America, Inc. dba Omcan and Omcan Inc. are not responsible for any harm or injury caused due to any person's improper or negligent use of this equipment. The product shall only be operated by someone over the age of 18, of sound mind, and not under the influence of any drugs or alcohol, who has been trained in the correct operation of this machine, and is wearing authorized, proper safety clothing. Any modification to the machine voids any warranty, and may cause harm to individuals using the machine or in the vicinity of the machine while in operation.

CHECK PACKAGE UPON ARRIVAL

Upon receipt of an Omcan shipment please inspect for external damage. If no damage is evident on the external packaging, open carton to ensure all ordered items are within the box, and there is no concealed damage to the machine. If the package has suffered rough handling, bumps or damage (visible or concealed), please note it on the bill of lading before accepting the delivery and contact Omcan within 24 hours, so we may initiate a claim with the carrier. A detailed report on the extent of the damage caused to the machine must be filled out within three days, from the delivery date shown in the shipping documents. Omcan has no recourse for damaged products that were shipped collect or third party.

Before operating any equipment, always read and familiarize yourself with all operation and safety instructions.

Omcan would like to thank you for purchasing this machine. It's of the utmost importance to save these instructions for future reference. Also save the original box and packaging for shipping the equipment if servicing or returning of the machine is required.

Omcan Fabrication et distribution Compañie Limité et Food Machinery d'Amérique, dba Omcan et Omcan Inc. ne sont pas responsables de tout dommage ou blessure causé du fait que toute personne ait utilisé cet équipement de façon irrégulière. Le produit ne doit être exploité que par quelqu'un de plus de 18 ans, saine d'esprit, et pas sous l'influence d'une drogue ou d'alcool, qui a été formé pour utiliser cette machine correctement, et est vêtu de vêtements de sécurité approprié. Toute modification de la machine annule toute garantie, et peut causer un préjudice à des personnes utilisant la machine ou des personnes à proximité de la machine pendant son fonctionnement.

VÉRIFIEZ LE COLIS DÈS RÉCEPTION

Dès réception d'une expédition d'Omcan veuillez inspecter pour dommages externes. Si aucun dommage n'est visible sur l'emballage externe, ouvrez le carton afin de s'assurer que tous les éléments commandés sont dans la boîte, et il n'y a aucun dommage dissimulé à la machine. Si le colis n'a subi aucune mauvaises manipulations, de bosses ou de dommages (visible ou cachée), notez-le sur le bond de livraison avant d'accepter la livraison et contactez Omcan dans les 24 heures qui suivent, pour que nous puissions engager une réclamation auprès du transporteur. Un rapport détaillé sur l'étendue des dommages causés à la machine doit être rempli dans un délai de trois jours, à compter de la date de livraison indiquée dans les documents d'expédition. Omcan n'a aucun droit de recours pour les produits endommagés qui ont été expédiés ou cueilli par un tiers transporteur.

General Information

Avant d'utiliser n'importe quel équipement, toujours lire et vous familiariser avec toutes les opérations et les consignes de sécurité.

Omcan voudrais vous remercier d'avoir choisi cette machine. Il est primordial de conserver ces instructions pour une référence ultérieure. Également conservez la boîte originale et l'emballage pour l'expédition de l'équipement si l'entretien ou le retour de la machine est nécessaire.

Omcan Empresa De Fabricacion Y Distribucion Inc. Y Maquinaria De Alimentos De America, Inc. dba Omcan y Omcan Inc. no son responsables de ningun daño o perjuicio causado por cualquier persona inadecuada o el uso descuidado de este equipo. El producto solo podra ser operado por una persona mayor de 18 años, en su sano juicio y no bajo alguna influencia de droga o alcohol, y que este ha sido entrenado en el correcto funcionamiento de esta máquina, y ésta usando ropa apropiada y autorizada. Cualquier modificación a la máquina anula la garantía y puede causar daños a las personas usando la máquina mientras esta en el funcionamiento.

REVISE EL PAQUETE A SU LLEGADA

Tras la recepcion de un envio Omcan favor inspeccionar daños externos. Si no hay daños evidentes en el empaque exterior, Habra el carton para asegurarse que todos los articulos solicitados estén dentro de la caja y no encuentre daños ocultos en la máquina. Si el paquete ha sufrido un manejo de poco cuidado, golpes o daños (visible o oculto) por favor anote en la factura antes de aceptar la entrega y contacte Omcan dentro de las 24 horas, de modo que podamos iniciar una reclamación con la compañía. Un informe detallado sobre los daños causados a la máquina debe ser llenado en el plazo de tres días, desde la fecha de entrega que se muestra en los documentos de envío. Omcan no tiene ningun recurso por productos dañados que se enviaron a recoger por terceros.

Antes de utilizar cualquier equipo, siempre lea y familiarizarse con todas las instrucciones de funcionamiento y seguridad.

Omcan le gustaría darle las gracias por la compra de esta máquina. Es de la mayor importancia para salvar estas instrucciones para futuras consultas. Además, guarda la caja original y el embalaje para el envío del equipo si servicio técnico o devolución de la máquina que se requiere.

Safety and Warranty

GENERAL PRECAUTIONS

- The machine must be operated only by highly trained personnel who are fully aware of the safety measures described in this manual.
- In case of a change in operator, training is to be provided in advance.
- Before starting cleaning and maintenance operations, turn off and disconnect the plug from the socket.
- Cleaning and maintenance requires great concentration.

Safety and Warranty

- A regular check of the electric supply cord is necessary; a worn-out or damage cord should not be used.
- If the machine has malfunctions, do not use it and do not repair it; please call the Omcan Service Center at 1-800-465-0234.
- The grill is used for cooking, heating, toasting, and to grill foodstuffs. Do not use the machine for other uses or for any products other than foodstuffs.

The manufacturer is not liable in the following cases:

1. If the machine has been tampered or adjusted by non-authorized personnel;
2. If some parts have been substituted with non original spare parts;
3. If the instructions contained in this manual are not followed;
4. If the machine surface is not cleaned with the right product.

SAFETY DEVICES

The electrical safety devices installed on the machine, described in this manual, complies with EC 73/23, 89/336, 89/109. Even though the griller is provided with electrical and mechanical protections when the machine is working and for maintenance and cleaning operations, there are still risks that cannot be eliminated completely. These risks are scalds caused by the loading and unloading of the product, or other kind of injuries due to the maintenance operations.

The unit complies with:

- UL 197, 8° edition
- NSF 4, 1991 edition

1 YEAR PARTS AND LABOUR BENCH WARRANTY

Within the warranty period, contact Omcan Inc. at 1-800-465-0234 to schedule a drop off to either an Omcan authorized service depot in the area, or to an Omcan Service warehouse to repair the equipment.

Unauthorized maintenance will void the warranty. Warranty covers electrical and part failures, not improper use.

Please see www.omcan.com/warranty.html for complete info.

WARNING:

The packaging components are classified as normal solid urban waste and can therefore be disposed of without difficulty.

In any case, for suitable recycling, we suggest disposing of the products separately (differentiated waste) according to the current norms.

DO NOT DISCARD ANY PACKAGING MATERIALS IN THE ENVIRONMENT!

WARNING: The electrical characteristics for which the appliance is designed are indicated on the reference plate applied on the side of the machine; check to make sure it corresponds with the electrical supply before connecting.

Installation

ASSEMBLY

The package of the grillers includes (see Fig. 2:):

- a. Cardboard box and internal protections;
- b. The machine;
- c. This manual;

Installation

- d. Scraper or brush (f) in accordance with the model;
- e. EC conformity declaration.

Fig. 2:
Unpacking
components

PACKAGING DISPOSAL

The components of the packaging are urban solid waste; therefore they can be easily disposed. If the machine has to be installed in countries where specific regulations are in force, packaging must be disposed in compliance with them.

SETTING UP OF THE MACHINE

The machine must be installed on a work table suitable for the grills overall dimensions as shown. It must be adequately large, level, dry, smooth, resistant, stable and at a height of 80 cm from the ground. The machine must be installed in a room with a maximum of 75% humidity and a temperature between +5°C and +35°C.

ELECTRICAL CONNECTIONS

The machine is equipped with a power supply cord. To connect the machine, follow the indication of the rating plate. Check that unit is grounded. Check that the features on the rating plate correspond to the features shown in the consignment and delivery note, and that the disconnecting plug and the socket are easy to reach when the machine is functioning.

Operation

To check the machine functioning, just turn the “start” regulator knob clockwise (placing yourself in front of the knob), and starting from the minimum, observe if the pilot lamp turns on. When the pilot lamp is on, it means that the machine is functioning.

1. Thermostat.
2. Pilot Lamp, it indicates that the grill is on.

Fig. 3:
Control
switches
positioning.

FIRST USE OF THE MACHINE

When the machine is delivered, the steel surfaces are protected with a nylon anti-scratch film and residuals of glue. This film and glue has to be removed before starting the machine. Do not use sharpening tools, flammable or abrasive substances. The insulating materials used during the manufacturing and the residuals of grease and glue may produce smoke during first operation. It is necessary to start the machine outdoors, for a minimum of 15-20 minutes before normal use.

WARNING: When you place the product on the grid to cook, it will be hot. Pay attention to cooking operations to avoid burning dangers.

To load the product follow this procedure:

1. Place yourself in a correct position (see Figure 4), avoiding any contact with the machine;
2. Choose the correct temperature using the knob;
3. When the griller is hot, place the product and start the cooking;
4. At the end of the cooking, remove the food and residuals from the grill;
5. If the griller is inactive for a long period (one or two hours), place the knob to 0°C and unplug.

If the machine has been turned off longer than 30 min., allow at least 10 min. for it to reach cooking temperature again. If you are not using the machine, but you think you are going to need it soon, set the temperature at 120 F, this will allow the machine to reach cooking temperature faster.

Operation

Fig. 4: Proper operation position.

Maintenance

- Cleaning the machine should be performed at least once a day and, if necessary more often.
- Never clean the machine by means of water jets, or submerge the machine.
- The cleaning of the grill can be performed when it is hot, scrape with a metallic brush on the cooking grid several times.

ATTENTION: Do not to touch the cooking surface because this could cause burns.

- Use the same care when emptying the collecting tray to make gravy.
- It is recommended to perform these cleaning operations when the temperature has dropped but the residual grease which sticks to the grill is still a liquid.
- Do not pour water or other liquids on the grid when it is hot, because the rapid changes of temperature can damage the grills surface.

WARNING: Before performing any cleaning operation, turn off and disconnect the plug from the electrical socket.

Periodically check whether the power cord is worn-out and, if this is the case, please call the Omcan Service

Maintenance

Center at 1-800-465-0234 to have it replaced.

DISPOSAL OF THE MACHINE

If you decide to put the machine out of service, disconnect it from the socket. To dismantle the machine contact a Specialized Disposal Centre, paying attention to the different materials used.

Thank you for choosing Omcan | Merci d'avoir choisi Omcan | Gracias por elegir Omcan

Since 1951 Omcan has grown to become a leading distributor of equipment and supplies to the North American food service industry. Our success over these many years can be attributed to our commitment to strengthen and develop new and existing relationships with our valued customers and manufacturers. Today with partners in North America, Europe, Asia and South America, we continually work to improve and grow the company. We strive to offer customers exceptional value through our qualified local sales and service representatives who provide convenient access to over 3, 500 globally sourced products.

Depuis 1951 Omcan a grandi pour devenir un des “leaders” de la distribution des équipements et matériel pour l’industrie des services alimentaires en Amérique du Nord. Notre succès au cours de ces nombreuses années peut être attribué à notre engagement à renforcer et à développer de nouvelles et existantes relations avec nos clients et les fabricants de valeur. Aujourd’hui avec des partenaires en Amérique du Nord, Europe, Asie et Amérique du Sud, nous travaillons continuellement à améliorer et développer l’entreprise. Nous nous efforçons d’offrir à nos clients une valeur exceptionnelle grâce à nos ventes locales qualifiées et des représentants de service qui offrent un accès facile à plus de 3500 produits provenant du monde entier.

Desde 1951 Omcan ha crecido hasta convertirse en un líder en la distribución de equipos y suministros de alimentos en América del Norte industria de servicios. Nuestro éxito en estos años se puede atribuir a nuestro compromiso de fortalecer y desarrollar nuevas relaciones existentes con nuestros valiosos clientes y fabricantes. Hoy con socios de América del Norte, Europa, Asia y América del Sur, que trabajan continuamente para mejorar y crecer la empresa. Nos esforzamos por ofrecer a nuestros clientes valor excepcional a través de nuestro local de ventas y representantes de los servicios que proporcionan un fácil acceso a más de 3, 500 productos con origen a nivel mundial.
